The background of the entire spread is a light beige color with a subtle, repeating floral pattern. The pattern consists of stylized flowers and leaves in a muted sage green color. The flowers have multiple pointed petals, and the leaves are elongated and pointed. The pattern is distributed across the entire surface, with some elements appearing larger and more prominent than others.

The tradition series draws its patterns from the repertoire of antique tiles and reinterprets them in modern production techniques. This collection offers the cachet of the past within an affordable budget.

La ligne TRADITION puise ses motifs dans le répertoire des carreaux anciens et les réinterprète dans les techniques de production modernes. Tout en restituant le charme d'antan, cette faïence murale aux motifs colorés et aux prix doux saura vous séduire.
